

—量子科學與工程研究中心—

Center for Quantum Science and Engineering (CQSE)

「4/16/2009 (Thur.) CQSE Special Seminar」

RM312, New Physics Building

- **SECTION 1 : 2:30 PM - 3:30 PM**

"Writing and reading information on mobile spin qubits"

Prof. Amnon Aharony

(Dept. of Physics, Ben Gurion U., Israel)

(Honorary foreign member of the American Academy of Arts and Science)

- **SECTION 2 : 3:35 PM - 4:35 PM**

"Charge transport through vibrating junctions"

Prof. Ora Entin-Wohlman

(Dept. of Physics, Ben Gurion U., Israel)

(Fellow of the American Physical Society

member of Norwegian Academy of Sciences

and Letters, of the European Academy of Sciences)
